Chairman, COMIREX, Room 4E-50
Central Intelligence Agency
Washington, D. C. 20505

Dear [REDACTED]

Reference DIA letter, dated 2 March 1971, subject: DoD Program of Technical Exchanges with Civil MC&G Agencies.

Enclosure 1 is a copy of the Agenda for the DIA Briefing scheduled for 0930 - 1130, 19 March 1971 in Room 2D-921, Pentagon. Special security clearances are required for attendance.

Room 2D-921 is located within JCS area - identification will be required at two checkpoints: first, on entering JCS area which should be done on 2nd floor at either River Entrance "E" Ring, or 9th Corridor "A" Ring, and second, on entering Room 2D-921.

Please pass names and clearances of attendees to DIA five days in advance of the Conference.

Sincerely,

1 Enclosure a/s

Assistant Deputy Director, DIA, for
Mapping, Charting and Geodesy

Dear [REDACTED]

Reference DIA letter, dated 4 February 1971, to Military Departments,
subject: DoD Program of Technical Exchanges with Civil MC&G Agencies,
copy attached as Enclosure 1.

The purpose of this letter is to invite 1-2 representatives from your
Committee to attend the DoD briefings and tours for the civil agencies
scheduled periodically beginning on 19 March 1971. Special security
clearances will be required for part of the scheduled meetings. Your
office will be forwarded an Agenda indicating security level requirement
and other administrative details approximately 10 days in advance of
each meeting.

Request that names and security clearance of your representatives be
forwarded to the host agency five days in advance of Conference.

Sincerely,

1 Enclosure a/s

Assistant Deputy Director, DIA, for
Mapping, Charting and Geodesy

SUBJECT: DoD Program of Technical Exchanges with Civil MC&G Agencies

TO: Assistant Chief of Staff for Intelligence, Department of the Army, ATTN: ACSI-T
 Oceanographer of the Navy, Department of the Navy
 Assistant Chief of Staff for Intelligence, Department of the Air Force, ATTN: AFNIATB

1. Reference the series of Technical Exchange Conferences on MC&G between Department of Defense agencies and civil agencies of the U.S. Government during the year period beginning in June 1967. Informal discussions between DIA, the Military Departments and key representatives of the civil mapping, charting and geodesy agencies of the U.S. Government have concluded that an updating series of these Conferences should now be arranged. Accordingly with this letter, DIA is asking the Military Departments to implement an appropriate program.

2. In general, our DoD objective should be to provide a program consisting of briefings and tours that will give emphasis to procedures, techniques equipments involving - first, current activities in primary production organizations, followed by a single meeting covering DoD Research and Development. Such exchanges should primarily cover technology and de-emphasize the military planning or programming aspects. Content of the program should be directed toward executive level and key technical personnel, who will arrange detailed follow-up action as desired.

3. Following is the DoD program for presentation to civil agency representatives:

a. DIA briefing, 0930 - 1130, 19 March 1971, Room 2D-921. (Preliminary Agenda enclosed as Enclosure 1; broad subjects only - intended to exclude material best covered in production organizations or R&D discussions).

b. Briefings, tour, Army TOPOCOM, all day, 23 March 1971.

c. Briefings, tour, Navy NAVOCEANO, one-half to a full day, 30 March 1971.

d. Briefings, tour, USAF ACIC, all day, 6 April 1971.

e. Briefings, tour, USAF Aerospace Cartographic and Geodetic Survey, Forbes Air Force Base, Topeka, Kansas, all day, 7 April 1971.*

 MC-A R/F
 DP-A R/F

RETURN FOR FILING TO:
 MC

f. DoD R&D briefing, Washington, D. C. area, 1 day, 20 May 1971. This is scheduled to follow the overall DoD MC&G Review now scheduled for 18,19 May 1971.

*Consideration is being given to transporting conferees from Scott AFB, (St. Louis area) to Forbes AFB, on morning of 7 April 1971 by RC-135 aircraft. Definite plans will be announced by 18 March 1971.

4. Parts 3a, b, and d, of program set forth in paragraph 3. should be conducted on an all source basis; parts 3c, e, and f, should not be conducted on an all source basis but some part of the program may be conducted on this basis, if desired.

5. By informal coordination, point of contact representatives for each agency have been designated as set forth at Enclosure 2. All matters of detailed planning should be arranged through the point of contact representatives.

6. DIA will provide a letter of announcement to each of the civil agencies defining the DoD Technical Exchange Program cited above, and will request that appropriate security clearances be provided to the agency concerned, five days in advance, for all personnel planning to attend. Civil agencies will be invited to indicate two weeks in advance any subject areas they would like to have covered. It is anticipated that the number of civil agency representatives desiring to attend will range between 20-30 personnel. Military Departments should arrange to have representation of key personnel at each of the Conferences. However, since the exchanges are primarily for civilian agencies, visiting representatives from other Military Departments should be limited to a range of 3 to 5 personnel. DIA will invite limited representation from the Office of Management and Budget and other federal committees and organizations, as appropriate. With respect to R&D Conference, DIA will separately initiate detailed plans with Military Departments.

7. General DoD project officer for series of DoD Conferences is

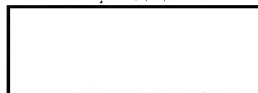

C. Request Military Departments:

- a. Accomplish DoD technical exchange program as outlined above.
- b. Furnish unclassified Agenda, indicating security level requirements as appropriate, to each point of contact representative at least 10 days in advance of Conference, together with other administrative details.
- c. Provide names and clearances of their participants in other agency visits to host agencies, 5 days in advance of Conference.

6. Advise DIA of any major problems or matters affecting overall planning.
